

# YOUNG

# ICORR

[www.youngicorr.org.uk](http://www.youngicorr.org.uk)

Young ICorr was set up in January 2001 to encourage more participation from young corrosion scientists in the Institute of Corrosion (ICorr) who are full-time students or employees below the age of 35.

This is a fantastic opportunity for students and newly qualified graduates to continue their professional development and to network within their field of interest.

### **Aims**

- To bring a younger image to ICorr.
- Increase young membership by developing awareness of ICorr by mail drops, newsletters.
- To make sure that students working in the corrosion area are aware of the events organised by ICorr.
- Build a network of young corrosion scientists and engineers within academia and industry.

### **Membership benefits**

- Automatically become member of ICorr.
- Get bi-monthly ICorr magazine 'Corrosion Management' by post.
- An update on Young ICorr activities is published in Corrosion Management.
- Information on corrosion-related meetings is sent via e-mail.
- Reduced registration rate on ICorr meetings and symposia.

### **Finally, a word from the committee...**

We hope that you will enjoy and gain useful benefits from Young ICorr. If you feel that you can help us improve and be more efficient, can bring any ideas or even have any queries, please e-mail us at: [committee@youngicorr.org.uk](mailto:committee@youngicorr.org.uk)

# Young ICorr Membership Application Form

Full-time registered students and those who have just finished a degree (within 2 years) are eligible to join The Young ICorr. Student member annual rate is £10 and non-student member annual rate is £50. A £2 registration fee applies to new members, which existing ICorr members do not need to pay.

Please complete the application form in block capitals and send with payment to:

**Institute of Corrosion, 4 Vimy Court, Vimy Road, Leighton Buzzard, Bedfordshire, LU7 1FG**  
**Tel: +44 (0)1525 851771 Fax: +44 (0) 1525 376690**
