

## Young Engineers Program (YEP)

Following on from the success of the 2012-13 and 2014-15 young engineers program the Institute of Corrosion will be starting the next event in this series in January 2018.

There will be lectures on the subjects related to Corrosion in Oil and Gas as shown below.<sup>1 2</sup>

- Basic corrosion
- Welding
- Materials
- Coatings
- Painting, fire protection and linings
- Cathodic protection
- Chemical treatments
- Presentation skills

As before the lecture series will be followed by case studies with a presentation given at an event around the London area.

We are currently looking for pre enrolment for these events and we are looking for around 20 participants early in their career in the corrosion industry and who are looking for extra experience to set them up for their future.<sup>3</sup>

The event will be sponsored by BP and held at the CB&I offices in Paddington, London. There is no cost for this course for the delegates and we would like to thank the sponsor and host to allow this.

If you are interested in this event please fill in the attached application form and we will then review applications and notify if they are successful in their application. Deadline of application is 30<sup>th</sup> November 2017.

The address for returning the form is:-

Institute of Corrosion  
Barratt House  
Suite S3, Kingsthorpe Road  
Northampton  
NN2 6EZ  
Email:- [admin@icorr.org](mailto:admin@icorr.org)  
Tel: 01604 438222

Linked in:- <https://www.linkedin.com/groups/8599206>

---

<sup>1</sup> Subject may change due to availability of personnel

<sup>2</sup> Subjects will be focused on the oil and gas industry

<sup>3</sup> This program is open to non members as well as member of ICorr. Those taking part will receive a year's membership of the Institute as Individual members
