

Introduction to ICorr

Dr. Muhammad Ejaz

Eugene Ogosi

The Institute of Corrosion is a Learned Society and Registered Charity that has been serving the corrosion science, technology and engineering community since 1959 in the fight against corrosion.

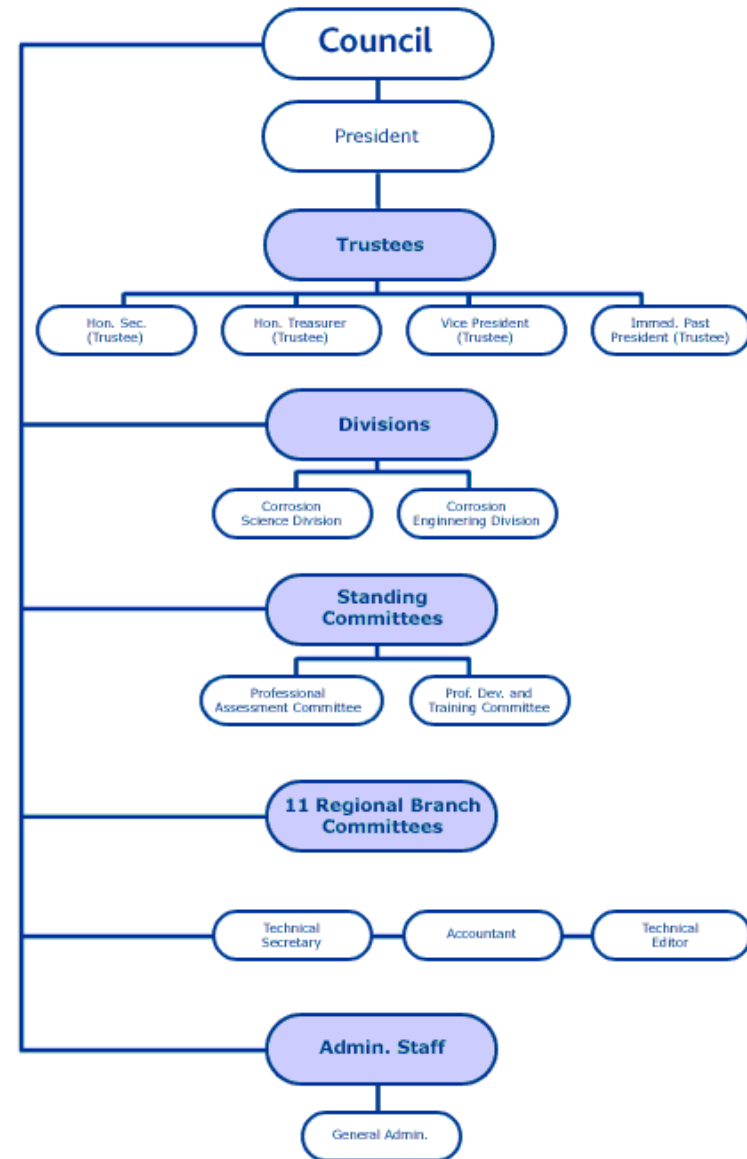

- Establishment and promotion of sound corrosion management practice
- The advancement of cost effective corrosion control measures
- Raise corrosion awareness at all stages
 - Design
 - Fabrication
 - Operation
 - De-commissioning

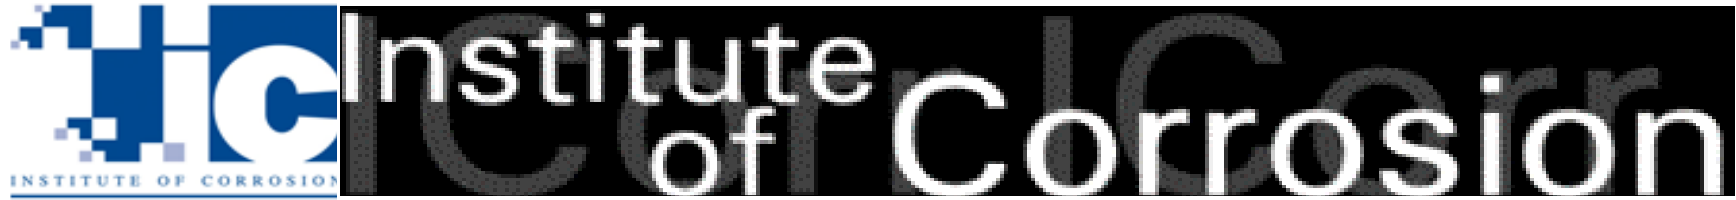

Structure of ICorr.
