

Eligibility for Certification Education and Experience Requirements

Table 2 - Minimum education and experience requirements for each Level for candidates with no previous certification for the specific application sector (new applicants)

Target Level	Education	Minimum Experience (Years)
1	Relevant engineering or scientific discipline degree (BSc, BEng or equivalent) and specialized education in the corrosion field (significant corrosion content at BSc or BEng Level or significant post graduate corrosion study or research)	0
	Technical education	0
	Other education (requires basic mathematical skills)	0
2	Relevant engineering or scientific discipline degree (BSc, BEng or equivalent) and specialized education in the corrosion field (significant corrosion content at BSc or BEng Level or significant post graduate corrosion study or research)	1
	Technical education	1
	Other education (requires basic mathematical skills)	1
3	Relevant engineering or scientific discipline degree (BSc, BEng or equivalent) and specialized education in the corrosion field (significant corrosion content at BSc or BEng Level or significant post graduate corrosion study or research)	2
	Technical education	3
	Other education (requires basic mathematical skills)	4
4	Relevant engineering or scientific discipline degree (BSc, BEng or equivalent) and specialized education in the corrosion field (significant corrosion content at BSc or BEng Level or significant post graduate corrosion study or research)	5
	Technical education	8
	Other education (requires basic mathematical skills)	12
